Attayathuputhenpura (H)

Mulavoor P.O, Muvattupuzha.

PIN: 686673

## Summery

*Enthusiastic and motivated in advanced technologies including data science, IOT and AI with hands on experience. I wish to secure a challenging position where I can effectively contribute my skills, and innovative ideas to gain knowledge in the work oriented environment Software Development.*

## Education

- **Mar Baselios Institute of Technology and Science(Kerala)** Aug 2015 - Aug 2019  
*B. Tech in Computer Science & Engineering; CGPA: 7.12*
- **Father Joseph Memorial Higher Secondary School (Kothamangalam)** Jun 2014 - Mar 2015  
*XII (Senior Secondary) Computer Science; Percentage: 88.8*
- **Nirmala Higher Secondary School (Muvattupuzha)** Mar 2012 - Mar 2013X  
*(SSLC); Percentage: 98*

## Experience

- **Part-time Freelancer at Upwork, 2015-2019**  
*During the free times of my graduation, I worked as a part-time Developer at [Upwork](#). My responsibilities include, Data Mining, Social Media Marketing, Lead Generation, Web development.*
  - **Freelance Developer at ChoiceHome, Canada, 2019**  
*Part time developer for the Canadian Real estate company. Developed voice BOT and IDX webpage for improved customer service*  
*Skills: Web Development, Chat Bot, Voice Bot, Dialogflow, Google Cloud Platform.*
  - **Social Media Marketing Job, 2016-2017**  
*Enhancing business for Australian client through social media marketing and promotions.*  
*Skills: Social Media Marketing, Lead Generation, Virtual Assistant.*
- **Software development and Industrial Awareness Intership at Radview, June 2016**  
*Industrial Awareness Program in Software Engineering. Hands-on Experience with tools used for software development.*

## Projects

- **Hotel Reservation Cancellation Prediction**  
*Duration: 1 Month*  
*Team Size: 2 Members*  
*Technology Stack: Python with numpy, Pandas, matplotlib and Scikitlearn, Jupyter Notebook.*  
*Hotel cancellations can cause issues for many businesses in the industry. ExtraTreesClassifier, logistic regression, and support vector machine models were employed in Python to determine whether cancellations can be accurately predicted with this model.*  
<https://github.com/joshy-joy/Hotel-cancellation-prediction>
- **Employee Treatment Prediction**  
*Duration: 2 Weeks*  
*Team Size: 3 Members*  
*Technology Stack: Python, Django, Azure, jupyter Notebook, Machine Learning.*  
*Need to predict with the help of given data whether the employee should go for treatment or not. This project was developed for HackNight 1.0 at Microsoft.*

- **Blockchain Based Question Answer Website**  
Duration: 6 Months  
Team Size: 3 Members  
Technology stack: Algular.js, Yeoman, Node.js, Hyperledger Fabric, NLP, Machine Learning.  
A Decentralized freelancing platform where businesses and independent professionals connect and collaborate remotely. AI based Job Recommendation system.

## Technical Skills

---

- Machine Learning : **Python with Numpy, Pandas, scikitlearn**
- Deep Learning : **Tensorflow**
- Statistical Analysis : **R**
- Programming Technologies: **C, C++, Java, MATLAB.**
- Database Technologies: **MySQL, Microsoft SQL server.**
- Programming Technologies, Front end : **Javascript, HTML/CSS**
- Version Control : **Git, Github**
- Cloud Platforms : **Azure, Google Cloud Platform, IBM Bluemix**
- Operating System : **Linux(Debian based), Windows**
- Containers : **Docker, Kubernetes**

## Competitions & Achievements

---

- **HackNight 1.0**  
Finalist in Hacknight1.0 by Skillenza and Microsoft for developing Machine Learning Model with User Interface.
- **Smart India Hackathon**  
Finalist in Smart India Hackathon 2018 under the Ministry of Housing and Urban Affairs at Chennai on Mar 2018.
- **IOT Challenge 2018**  
Finalist in IOT Challenge 2018 conducted by IIT Bombay and i3indya Technologies.

## Position of Responsibility

---

- **Training & Placement Cell Coordinator.**  
Active member and coordinator in training and placement cell of MBITS campus for the academic year 2017-Present.

## Certifications

---

- **Deep Learning specialization Certificate, Coursera.**
- **Data Science professional Certification by IBM, Coursera.**
- **Data Science in R Certification, STED Council.**
