INTERPERSONAL SKILLS

I am good team leader and team player in any situation. Able to solve any problem that given by the team leaders. Moreover, able to communicate with teammates and client. Furthermore, has the ability to work independently or as part of a team

EXTRA-CURRICULAR ACTIVITIES

Army Reserve Unit in Regiment 515 Territorial Army (2018 – Present)

I am a Private in the Army Reserve unit, currently serving as a heavy infantry unit and will be promote to Senior at the end of this year. Moreover, my achievement is that I'm able to complete "Kursus Asas Perajurit Muda Sukarela (APMS)" and "Kursus Asas dan Latihan Pengendalian"

TARUC Hostel Society (2018 – 2020)

I am the **President of the Hostel Society**; my role and responsibilities are to overlook the Hostel Society management and deal with TARUC management if there is any problem. Moreover, the achievement that Hostel society got is we able to have a few events such as Member gathering and meeting with University Council. Furthermore, we are also handling some issues due to MCO that have cause lockdown across the nations.

Shopee Code League 2020

This competition is on-going, my team and I just finished the first round of data analysis problem. The competition was very challenging because the question was to analysis "Order brushing dataset" and it was my first time taking a real-industry dataset to do an analysis. It was a great experience and look ahead for the future challenges.

UTHM-Fraunhofer Corporate Makeathon 2019

I was the team leader during the Makeathon competition at UTHM. It was a wonderful experience that I was able to be mentor by one of Petronas expert to solve the challenges given by Petronas. The biggest take away from this competition is that we will able to understand Petronas instrument site on how it works and operator. It was the most fascinating competition I ever been too.
